

## Miller Industries Towing Equipment Inc :: Ooltewah, TN

Miller Industries is the world's largest manufacturer of towing and recovery equipment. They offer a range of towing and recovery equipment products. For more information on Miller Industries visit [www.millerind.com](http://www.millerind.com).

**Project Scope:**  
Miller Industries replaced a legacy lighting system consisting of (345) 400 watt Metal Halide fixtures with (253) T8 Compact Modular fixtures. Motion control was also added to warehouse areas to further reduce Miller Industries energy consumption.

Before

After

### Annual Savings

Energy Savings	\$32,193
Displaced Energy	357,717 kWh
Displaced Capacity	112.57 kW

### Environmental Impact

Carbon Dioxide Reduction	231.3 tons/year
Acres of Trees Planted	65.6
